

# Bury Me In An Old Press Box: A Journey Through Sports Journalism

I've been a sportswriter for over 30 years, and I've seen a lot of changes in the business. When I started out, we used typewriters and carbon paper. We had to call in our stories to the office on pay phones. And we didn't have the internet, so we had to rely on the newspaper library for information.

Today, things are much different. We have laptops and smartphones. We can file our stories from anywhere in the world. And we have access to a vast amount of information online.

But one thing that hasn't changed is the importance of good storytelling. Whether you're writing about a game, a player, or a team, the goal is always to tell a story that will engage readers and make them feel something.

In this book, I've collected some of my favorite stories from over the years. They're stories about the biggest games, the greatest players, and the most memorable moments in sports history.

I hope you enjoy reading these stories as much as I enjoyed writing them. And I hope they give you a new appreciation for the art of sports journalism.

**\*\*Here are a few excerpts from the book:\*\***

"I've been to a lot of press boxes in my day, but the old press box at Wrigley Field was the best. It was small and cramped, but it had a certain charm to it. You could feel the history in the walls. And the view of the field was spectacular."

"I once interviewed Michael Jordan after a game. He was the most famous athlete in the world, but he was also one of the most down-to-earth people I've ever met. He was funny, charming, and intelligent."

"I covered the 2008 Olympics in Beijing. It was an incredible experience. I got to see some of the greatest athletes in the world compete at the highest level. And I got to experience the Chinese culture firsthand."

I hope you'll buy a copy of **\*\*Bury Me In An Old Press Box\*\*** and enjoy these stories and many more.
