That's exactly what happened to author and blogger Katie Parla when she moved to Paris with her two-year-old son.

In *Confessions of a Paris Potty Trainer*, Parla shares her hilarious and heartwarming journey to potty train her son in the City of Lights. She recounts her many mishaps and triumphs, and offers practical advice for

Katie Parla's Potty Training Tips

If you're struggling to potty train your child, here are a few tips from Katie Parla:

- **Be patient.** Potty training takes time, and there will be setbacks along the way. Don't get discouraged, and keep at it.
- **Be consistent.** Make sure to take your child to the potty at regular intervals, even if they don't seem interested. The more they see the potty, the more likely they are to start using it.
- **Be positive.** Praise your child for every success, no matter how small. This will help them to stay motivated.
- **Don't be afraid to ask for help.** If you're struggling, talk to your doctor or a potty training expert. They can offer you support and advice.

The Importance of Humor

Potty training can be a frustrating experience, but it's important to remember to keep your sense of humor. Parla's book is full of funny stories about her potty training adventures, and her humor will help you to see the lighter side of potty training.

As Parla writes, "Potty training is a journey, and it's one that's full of surprises. But with a little patience, perseverance, and humor, you'll get there eventually."
