In *Distant Vision*, Murray Sperber takes readers on a journey through the landscape of the future. He explores the potential impact of technology on our lives, work, and society. Sperber argues that we are on the cusp of a new era, one in which technology will play an increasingly important role in shaping our world.

Sperber draws on his decades of experience as a leading expert on the future of work to provide a unique perspective on how technology is changing the way we live. He argues that we need to be prepared for the challenges and opportunities that lie ahead.

Distant Vision is a must-read for anyone who wants to understand the future of work and technology. It is a thought-provoking and inspiring book that will challenge your assumptions and leave you with a new perspective on the world around you.

About the Author

Murray Sperber is a leading expert on the future of work. He is the author of several books on the topic, including *The Future of Work: A Guide for Business Leaders* and *Reinventing Work: A New Vision for the 21st*

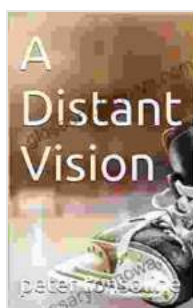

Century. Sperber is also a frequent speaker at conferences and events around the world.

Reviews
