The Midnight Game: How It Happened is a must-read for anyone who is interested in the paranormal. Doe's book is a well-researched and terrifying account of the Midnight Game, and it will leave you wondering if you dare to play.

The Legend of the Midnight Game

The legend of the Midnight Game has been around for centuries. The earliest known version of the game was played in England in the 16th century. The game was said to be a way to summon a demon, and it was often played by children who were curious about the occult.

The Midnight Game is typically played at midnight, and it involves using a candle, a piece of paper, and a pen. The player writes their name on the paper and then lights the candle. They then sit in a dark room and stare at the candle flame. As they stare at the flame, they will begin to see images in the flame. These images are said to be the demon that the player has summoned.

The demon will then ask the player a series of questions. If the player answers the questions correctly, the demon will leave them alone. However, if the player answers the questions incorrectly, the demon will kill them.

The Midnight Game is a dangerous game, and it should not be played by anyone who is not prepared for the consequences. The game has been linked to numerous deaths, and it is said to be one of the most dangerous games in the world.
